Ad Text Fellow Texans! It's time to say a strong NO to the establishment robbers. It is unacceptable for us to see them ruin all we've been building for decades. For centuries. The establishment thinks they can treat us like stupid sheep but they are wrong. We won't put up with this anymore. The corrupt media does not talk about the crimes committed by Killary Rotten Clinton, neither does it mention the leaked emails but it would rather keep on kicking around some outdated tapes featuring Trump. Even Republicans are now offering her a victory by renouncing their nominee. What is this if not treason? No, no, no. We are free citizens of Texas and we've had enough of this cheap show on the screen. We're ready to prove our commitment to liberty, low taxes and gun rights. If Trump wins, there will be a possibility to secede peacefully but not without tension. What will happen if Hitler becomes President? Higher taxes to feed undocumented aliens. More refugees, mosques, and terrorist attacks. Banned guns. Continuing economic depression. Let's remind them what Texas is made of and show that we're ready to SECEDE!

Ad Text On the video you see Brinkley Police Department Chief Edward Randle driving his car more than 100 miles per hour to the football game. He is pulled over by cops. They realize that they stopped their chief, so they just laughed together and let their chief go. According to THV11 "since the officer did not announce the truck's license plate number into his radio, nobody else would know the chief had been pulled over." Fortunately this guardian of order didn't kill anyone with his speeding car that day, but he probably will do it next time.

Ad Text This is exactly what i have been trying to tell y'all. Your vote should be precious to y'all cus its your power to put another person in authority over you, your freedom, your daily life and your safety.
To most people, it's about just going out to vote, if you did just that because you want to, well done, if you didn't, aka #BOYCOTT just like me, you also got your reasons.
BUT, let those reasons be genuine! Let them be your reasons, not influenced upon or manipulated in any way.
I'm proud of this mama not because she didn't vote #Hillary or #Trump, but simply because she did her research, decided for herself, in her interest and the interest of her kids, and voted consciously!

I'm glad i choose not to be a part of this whole system.
Im proud to be woke

Ad Text CHARLESTON COP WHO FATALLY SHOT BLACK MAN ASKS JUDGE TO DROP CHARGES, CITING DOUBLE RISK

North Charleston police officer Michael Slager, who shot and killed 50-year-old Scott after an April 2015 traffic stop, and his attorneys urged the court to drop murder charge due to the double jeopardy that Slager faced before the shooting. According to ex-cop's attorneys, their defendant acted in self-defense despite the fact that Scott was unarmed and Slager fired eight times, hitting Scott five times from behind.

Slager's defense attorney's:

"The double-teaming of Slager ... is a chilling example of how far politically motivated politicians and prosecutors will go to seek headlines and feather their own nests at the expense of a public servant ... who had to make a split-second life or death decision that will be second-guessed by comfortable armchair quarterbacks. This is unconscionable."

The shooting occurred in April 2015 when Slager stopped Scott for a broken brake light on the Mercedes-Benz he was driving. According to Slager's dashcam, ex-cop asked Scott to show his driving license and questioned him about documents for the car. When Slager returned to his car, Walter Scott jumped out of the car and ran away giving Slager chase. According to a bystander's video, Scott ran away from the officer when Slager opened fire.

We've seen what happened in different parts of America: unarmed dead black bodies lying across the streets at the hands of police officers and none of them found guilty. That's why today it's important to send a message to other police officers that if they do this, it's harsh penalty to pay.

Ad Text COPS SHOT AND KILLED CALIFORNIA BLACK WOMAN WHO
STRUGGLED WITH BIPOLAR DISORDER

Michelle Lee Shirley was fatally shot by Torrance police officer as she approached a group of police officers in her car.

Police arrived at the scene after a series of 911 calls in which they were warned of a reckless driver and her erratic behavior. When cop saw Shirley, who was off her bipolar medication, they boxed her in with their patrol cars. When she started approaching them, law enforcement officers opened fire at her. The incident resulted in a fatal shooting.

After the shooting, Shirley was taken to County Harbor-UCLA Medical Center and was pronounced dead.

Michelle Shirley, 39, who received a diagnosis of a mental disorder tried to balance motherhood and law school. In a video titled, "It's Up to Us," she was asking people to take seriously a mental disorder and seek help because ignoring it can take away years of people's lives.

Did you know that people with mental illness are 16 times more likely to be killed during a police encounter than mental healthy? Did you know that half of people shot by cops are mentally ill?

Police officers are not equipped with firearms to deal with mental illness in the field. But they are equipped to protect us from criminals.

Black pride is always mistaken as hate for other races. Probably because that's what white pride is *sips tea*

Ad Text November 22 will mark the second anniversary of the Tamir Rice's death. The 12-year-old was carrying a toy airsoft gun when officer Timothy Loehmann shot him within two seconds of arriving on the scene. A grand jury decided not indict the killer.

Tamir's mother said she is "mad as hell" with the grand jury's decision of declaring the officer not guilty. She went on to say, "He was my bright and shining star. He was full of light and laughter. Tamir had the potential to become anything in the World, but Officer Loehmann and Garmback didn't give him a chance".

Ad Text On November 15, 2015, Jamar Clark, a 24-year-old black man, was fatally shot by two Minneapolis cops. According to witnesses, Jamar was handcuffed when he was shot.
Killer cops involved in the shooting won't face discipline. Chief Janee Harteau recently said that an internal investigation found the officers were warranted in using deadly force in the death of the 24-year-old black man.
It's been a year since he died. Justice still hasn't been served.
Come out to honor the memory of Jamar on November 19. We won't stop until change is here!

Ad Text Please share this disturbing video. A routine revenue collection stop turned into a nightmare for this black man.

Kevin Campbell was driving his wife's minivan home in June when he was targeted for revenue collection by Allen Park Police Officer Daniel Mack. Mack literally kidnapped Campbell, placed him in handcuffs, threw him in a cage over a suspended license, accused Campbell of having drugs on him despite the fact that the K9 didn't find anything. Moreover, the cop sodomized him by putting the illegal substance inside his body. There was no search warrant.

Ad Text January 15 marks the birthday of Martin Luther King, Jr., a great man who spent his public career working toward ending segregation and fighting racial discrimination.

By recalling King's vision we can have opportunities to build a more inclusive and just community that does not retreat from diversity but draws strength from it. In the face of violence directed at minority communities and in a deepening political divisions in the country, King's words and philosophy are perhaps more critical for us today than at any point in the recent past. We're coming together on January 15 to celebrate the life and achievements one of the most influential American civil rights leaders. Don't forget to bring your children with you, because it's important for them to know where they come from and their rich history.

Ad Text Find out how to escape bad credit reports: goo.gl/GArVbz

A recent study has revealed some surprising differences in credit scores between African-Americans and Caucasians.

The study showed that Caucasians earning less than \$25,000 per year were likely to have better credit scores than African-Americans earning between \$65,000 and \$75,000 per year.

Overall, the study found 27 percent of all credit reports belonging to Caucasians were poor, compared to 48 percent of those belonging to African-Americans.

Although credit reporting is supposed to be free of prejudice, some researchers said the system may be inherently stacked against minorities.

Ad Text This one is for ya'all brothers!

If you exclusively date outside of your ethnicity and culture, you hate yourself.
Don't talk to me until you start to love yourself.

I'm going to get many people complaining about this post... I don't care. If you
won't check for your own people, seek help not more approval.

I'm not saying you should ever check for people outside of your culture, I am
saying brothers if every women you have ever been with, isn't from your
culture/ethnic group, you have issues of the mind. You are doing this not by
love but on purpose, because you hate yourself subconsciously, it's ok, just
love yourself and heal your illness. ?

Ad Text What the fuck.

President Obama stated that he would wait several weeks more to see what happens. Okay. He's just going to finish his career without doing this job. It could be a great chapter of his political biography, but he chose to be lame and heartless. People could die. It hurts to see this footage.

We all say it's a whiteman's world in the U.S. with white-favouring-rules and everything, right?
So what makes you want to be a part of this system, in other terms, be a slave to this system?

Why in the heck would you all be routing and rioting and fighting over and for a two-party government system that cares less about you?
Damn, we all agreed with Kaepernick when he took the knee for us all, and now we all, outta fear join white democrats to riot Trump?

Like wtf happened to we rising above the government system to improve our lives and not joining this whole racist bias system?

Damn, that's sad!

Imma take care of my kids.

I'll keep grinding for them, to make sure they get the best education.
To ensure they dress well and eat healthy food.
And I'm gon tell you to do the same thing.

Don't waste time on an "afterparty" you wouldn't have been invited to!

Ad Text Joshua was born in Chicago, Illinois, and raised in Indianapolis. Two months before his death, he proposed to his longtime girlfriend and the mother of two sons.

Joshua Beal had come to Chicago to serve as a pallbearer in the funeral of his cousin Marcus Washington who was fatally shot on October 27, 2016 in Indianapolis at the age of 26.

Beal was fatally shot after he and several relatives were involved in what authorities called a road rage incident with an off-duty police officer and an off-duty firefighter.

The relatives along with others in the caravan were headed to Southwest Memorial Chapel after burying their cousin Marcus Washington, she said.

Suddenly, Boxley said, a car cut her off and then tried to run her 17-year-old sister off the road. She said her family as well as the motorist who had cut her off — who she believed was a Chicago police officer — stopped and got out of their cars.

At some point the man pushed her female cousin to the ground and pulled a gun on her, pointing it at her face, according to Boxley.

She said the man got inside his car but exited again and “he just started shooting,” hitting the windshield of a car containing Beal, who had pulled his gun when he saw the man holding a gun on their cousin. Boxley said Beal legally owned the gun and did not fire it.

Boxley said the man pulled Beal out of his front passenger seat and began shooting him.

“I was hoping my brother wasn’t dead,” said Boxley.

Beal’s mother said he was a father to two children, a 4-year-old and a 2-year-old, and that his fiancée was a stay-at-home mother.

“This is what CPD do. They tear our families apart over and over again. They have no consideration for life,” - Tiffany Boxley.

Yet another father of two has been shot, and despite what the cop's report will say, i know there can never be a way a Black man isn't guilty for his own death, armed or unarmed.

The reality? They're not.

Ad Text End the whining and crying, end the riots with these same white people(democrats), who will not march with you when your son, daughter or loved one gets shot for being Black.

I opted out of the elections and i had many Black people all up in my case, telling me how i was wrong and how i needed to make my vote count for Mrs. Clinton, all just to make sure Trump doesn't become president.

Well now all i want to say is get over Trump and Clinton, they are rich white people, the elite who were born into and are a part of the system.

I dream of liberation, not staying a slave under Hillary or Trump, so forget your childish rioting, no one has shot!

Ad Text On October 26, 2016, a black man was slammed and beaten by police officers at the train station.

According to a witness, the man who was arrested had originally been driving across the light rail tracks, when officers on foot attempted to stop his car, at which point, he drove off.

He added that the man "wasn't resisting at all until they tased him"

After tasing the man police officers used their elbows and fists, as the man lay on the ground, screaming for help.

The man was heard screaming in pain: "My fucking back is killing me! Oh god! My back!"

In a statement, released on November 2, Minneapolis Police Department confirmed the arrest, but said that a fuller video would show that the officers' conduct was justified.
